Col. Bryan Tells Theory Of Slaying

"Murder and Suicide" Most Probable, Says Local Commissioner

COQUITLAM MURDER HAS BAFFLED COAST POLICE

Further Developments Are Expected in the Near Future

Colonel W. C. Bryan, Commissioner of the Alberta Provincial Police, announced last night that the theory of "murder and suicide" suggested by Mrs. Albert Witherley, of Edmonton, as a possible solution of the Coquitlam murder mystery, was the theory which received his support.

The Vancouver police first thought that the crime had been committed by a lunatic from the local asylum, but this idea has been abandoned. It is also certain that the possibility of revenge, the sequel to a court case in Calgary fourteen years ago, has now been excluded by The Bulletin's investigation.

In the meantime, Vancouver detectives are carrying all efforts to unravel the mystery, and further developments may be anticipated in the near future.

Husband and wife were alleged by the police to have become intoxicated on "rammed hair." They were taken in the police station Saturday, and found themselves facing charges of being intoxicated on the streets.

The wife was said to have been lying, scantly clad, in a snowy lane, exposed to the blizzard, and it is thought that her life was saved by the policeman who took her to the station.

Her life was found in an open shed nearby, behind a business block.

When time came for trial, the husband was taken into the regular police court, where a male judge gave him a fine of five dollars or ten days in jail. Meanwhile his spouse faced a woman magistrate in the Women's Court.

"Fifteen dollars or thirty days in jail," was her allotment.

Pittsburgh and Neighboring Cities Inundated Over Week-End When Rivers Overflow Banks, Covering 175 Miles, from Gorman, Md., to Harper's Ferry

THIRTEEN DIE; MILLIONS IN PROPERTY DESTROYED

Waters Returning to Channels; Northwest Returning to Normalcy After Suffering Havoc from Tornado Friday—Death List 14

PITTSBURGH, Penna., March 30.—Floods in Pennsylvania, West Virginia and Maryland, caused by warm rains and melting snows in the mountains, had resulted in a wide area in those states being under a toll of thirteen lives, and caused millions of dollars worth of damage to property.

After having flooded an area of 175 miles, extending from its head waters in Gorman, Md., to Harper's Ferry, W. Va., with the greatest damage done at Cumberland, Md., the Potomac river was rapidly returning to its channel.

In the western Pennsylvania, the Allegheny river, mounting levees and filling the Ohio, swept over the levees at Pittsburgh, and another side of the Allegheny mountains, flooded a section from Conneville to New Castle, a distance of forty miles.

The Ohio river here reached a stage of 25.2 feet, seven feet above the flood stage at 1 p.m., but was receding slowly at the rate of one-tenth of a foot an hour.

Along the Ohio river, however, preparations for flood waters were under way.

An entire family of five persons was drowned at Conneville, Md., when the Ohio river, having swollen to a stage of 25.2 feet, swept over the levees at Conneville, Md., and drowned several children at New Castle, W. Va., who were on the levee at Conneville, Md.

The damage to property at Conneville, Md., was estimated at \$100,000. The damage to property at New Castle, W. Va., was estimated at \$50,000.

E.C.D. Draws with Faces Real Test
Jasper Place, 8 to 5, in
Hard Fought Game

The Jasper Place and E.C.D. hockey teams played a 3 to 3 draw when they engaged in combat on the ice at the Jasper Place rink last night. A strong and fast forward line made the difference in the game. Although the goalies were not as tough as keeping the blizzard out of their nets, the defense was not as strong as the forward line.

NEW YORK, March 20—Mike McTigue will meet one of the most formidable opponents in his division in Newark on Monday when he faces the New York Rangers in a Young Stirbling, Macos, Jr. schoolboy fight.

Stirbling faces the task of having to stop McTigue or win on a foul in order to gain the title. If the battle goes the limit, Mike McTigue will be the winner.

Storms Throughout U.S. Confine Winnipeg Grain Market to Local Trading

WINNIPEG, March 30.—The wheat market opened about unchanged Saturday and was fairly steady throughout the short session. May futures, dominating between 96½ and 97½.

Trade volume was not large, but there was less disposition to press sales and with a little evening up by shorts over the weekend the steadiness was maintained. Notwithstanding the decline of 1½ during the last hour of Friday's market, there was little evidence of new export business having been worked overnight. The closing figures today were a little firmer, but this was due almost entirely to light offerings in the pit and to short covering. Lack of outside news through storms

in the United States made the market entirely a local one. Vessel brokers here expect navigation on the Great Lakes to open about April 15. They report only light business booked for the opening. Rates expected to prevail are about 3½ cents to Buffalo, 4 cents to Bay ports, and 12 cents to Montreal. Oats, barley and rye markets were all steady and prices showed little change. Buying was very moderate. The flat market was steady, prices about unchanged, and a light trade passing. There was a much better tone to some grades of oats, more particularly the old grades, some of which advanced ½ to 1 cent, while the contract grades remained unchanged, advancing ¼ on a carrying charge basis. Very little cash wheat came out.

AN AWUL ATTACK OF PIMPLES
ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape.

While the skin is the object of the attack the real seat of the disease is in the blood on account of the internal circulation being poisoned.

and especially lumps and pimples on other parts of the body. The blood is the seat of the disease and the seat of the disease is the blood.
